KUSHAL CHERUKULA

Hyderabad,Telangana|kushalcherukula@gmail.com | kushalcherukula.live

TECHNICAL SKILLS

- Python
- Java
- Html & CSS
- Data Structures and Algorithm
- SQL
- git

PROJECTS

Flight Deal Finder | Python
- Developed a system to automatically search for flights based on specified criteria.
- Implemented a feature to compare current flight prices with historical data to identify deals.
- Integrated a notification system to alert users of low-price flight deals.

Password Manger | Python
- Created a tool to generate strong, random passwords using a mix of letters, symbols, and numbers.
- Developed a system to save and retrieve passwords in a JSON file, with error handling for empty fields and user-friendly error messages
- Implemented functionality to automatically copy generated passwords to the clipboard for easy use.

Rain alert| Python
- Implemented a feature to fetch weather forecast data from the OpenWeatherMap API.
- Integrated Twilio API to send automated weather updates via SMS, including weather description and temperature

EDUCATION

BTech computer Science Engineering| GNIT	2021 - Present
Intermediate| Page Junior College	2018 - 2020
xth| Howard Model School	2006 - 2018

TRAININGS

Java Full Stack | Wipro TalentNext
- Learnt About Core Java and it's Applications
- Learnt Html,CSS and Java Script,Servlets,JSP
- Learnt about Springboot,Hibernate,Spring

Code Optimization and Solutions | Coe CCO
- Learnt Problem Solving and Logic Building
- Learnt techniques of Code Optimization

CERTIFICATIONS

C Language| Udemy

Html & CSS| Udemy

Python| Udemy

Developer suberBadge| SalesForce
